Product information

Application

Manufacturing of patchcables for the ecobus® system with cable e.g. H05VVF

General Properties

Push cycles	Inserting and removing under full load, DIN VDE 0625 around 50-100 insertions with 16 A
Insertion/removal load	For 200 insertion cycles each: Insertion load app. 30-40 N Removal load app. 20-30 N
Nominal voltage (power)	250/400 V~
Nominal current (power)	16 A
